Isawa GLD's Medium-Firm Profile is ideal for players seeking a **Mid-High Launch & Low-Mid Spin**.

# OBAN

A consistent, repeatable bend profile across the full range of Isawa GLD's weight / flex offering creates a unique opportunity for elite Fitters to optimize ball speed, launch, spin and dispersion parameters.

The proprietary carbon fiber structure is designed to provide an extraordinary sensory feel in the grip section. Emblazoned with a lustrous silver and gold ion-plated finish, Isawa GLD is fashioned for players with a passion for performance and style.
